

**VILLAGE OF RED HOOK
PUBLIC HEARING
NO PARKING
DECEMBER 6, 2010
7:00 PM**

Present: Mayor Cohen, DM Blundell, Trustee Trapp, Trustee Kovalchik, Trustee Seymour was absent.

Trustee Kovalchik submitted no parking signs as follows:

No-parking restrictions are being set for the following locations:

- At the intersection of St. John's Street and West Market – 30' east on the north side on West Market Street
- At the intersection of St. John's Street and North Broadway – 30' south on west side from intersection on North Broadway
- At the intersection of Elizabeth Street and East Market Street – south side, 30' east on south side on East Market Street
- At the intersection of Cherry Street and East Market Street – north side, 30' east and 30' west of intersection on East Market Street
- At the intersection of Fraleigh Street and South Broadway – no parking from South Broadway W 659' to Church Street on South side of Fraleigh and no parking from South Broadway 240' W on the north side of Fraleigh to Church Street
- At the intersection of Amherst Drive and South Broadway north side 60' of Amherst

These no parking signs will be local law # 1-2010. Trustee Blundell is not in agreement with bullet # 2 due to the fact that there is already no parking marked at the south portion of this intersection. From a merchant access perspective Trustee Blundell feels that 30' is too much to remove from business access here. Secondly, Blundell felt it will still be almost impossible to make a left turn here due to traffic in the travel lanes as impacted by the nearby traffic light. Stopped cars in the southbound lane will block vision regardless of parked cars. Prior village attempts to prohibit left turns here have been voided by NYS DOT. Trustee Trapp stated that to make a left hand turn at this intersection it is very difficult. Trustee Kovalchik feels adding an additional 10' for no parking at this intersection will allow more visibility and a left turn more accessible, and is also concerned about the safety and welfare of the residents.

Trustee Trapp made a motion to close the public hearing at 7:15. Trustee Kovalchik seconded. All were in favor.

OTHER BUSINESS

PUBLIC COMMENT

Don Douris of Phillips Street questioned Trustee Trapp as to why 39 Garden Street had not yet been cleaned of garbage and if CEO Sam Harkins was required to patrol the Village looking for violations. Trustee Trapp responded with Mr. Harkins does not patrol looking for violations but it would be a good

12/6/2010

Page 7

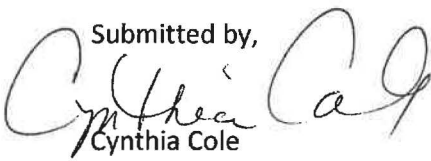

idea if at least once a month to do so. Mr. Douris also stated that landlords must be held accountable for their tenants actions. Kathy Douris stated that they have submitted several letters of complaint and wondered if we have received a formal response on the technical zoning issues raised. Trustee Trapp read into the record the response that was submitted from Attorney Victoria Polidoro in regard to 39 Garden Street and the question of non-conforming uses. Ms. Douris also complained of debris left from tenants of Mr. Stagias blowing on her property. Mr. Stagias is aware and is allegedly doing nothing to rectify this problem. Ms. Douris feels landlords should be made accountable for their property and tenants and if the property is not properly maintained then they should be fined. Trustee Trapp is aware and will discuss this issue with CEO Sam Harkins and respond to Ms. Douris.

St. Paul's Lutheran Church – Lolly Humphrey of St. Paul's Church is once again requesting water hook-up so the Church can sub-divide. To date the Health Department will not allow the Village to have any further hook-ups until we find more water sources and confirm our ability to meet demand. Ms. Humphrey asked since several large sub-divisions that were approved for water hook-up have gone bankrupt then why can't just a few homeowners get approval? Judy Carr from Maizeland Rd. was also present and is waiting for water. The Church alleges they lost the sale of a property due to the delay in water approval. Robert Flores of C. T. Male stated that the county has been given some new information and moving forward as quickly as possible. Reverend Ness is pleased in the way the Village Board is moving forward. Trustee Kovalchik stated that we have water but need to dig new wells.

Trustee Trapp made a motion to pay bills after audit. Trustee Kovalchik seconded. All were in favor.

Trustee Kovalchik made a motion to adjourn the meeting. Trustee Blundell seconded. All were in favor.
